## LUMEN Dry Aged Beef Karte

We serve our dishes from Monday to Saturday in the time from 12:00 p.m. to 10:30 p.m., Sundays and public holidays from 1:00 p.m. to 9:00 p.m.

Our cuts of meat come from Simmental heifer beef. Simmental cattle are among the most important cattle breeds in Germany. Originally from the Bernese Oberland (Simmental), the keeping and breeding of the breed is widespread today. The breed is medium to large framed and shows good muscling with little fat on all important parts of the body. The meat quality of heifers [heifers] is higher than that of ox and convinces gourmets and connoisseurs. Heifers generally grow more slowly than male cattle, which means that the meat is particularly tender and the fat can build up in the muscles. This creates a pronounced marbling in the meat, which has a significant influence on preparation and taste.
